Enforcement Action

All outstanding fines and financial penalties for which SCTS is responsible are being pursued. Enhanced tracing facilities make it easier to use the full range of enforcement actions which include benefit deductions, freezing bank accounts, arresting wages and seizing cars. The information included in this report relates to fines collection up to 11 July 2016, although for some enforcement actions there may be a time lag between the enforcement action being applied and subsequent payments being received.

Other enforcement measures include using tracing facilities to ensure that defaulters are identified quickly and to speed up enforcement action. The tracing facilities provide information on aliases, employment history, bank accounts, and credit cards. Sheriff Officers also help to target persistent defaulters who are ignoring payment demands. Deducting payments from benefits is now an automated process and a new online payment facility is increasing electronic payments. All these measures ensure that offenders cannot avoid the penalty and are encouraged to make prompt payment.

Summary of enforcement Action (covering Sheriff Court fines, Justice of the Peace (JP) Court fines, Fiscal penalties and Police Antisocial Behaviour Fixed Penalties:

- At 11 July 2016 469,860 enforcement orders had been granted by the courts (20,457 of these granted within the 3 months prior to 11 July 2016). This is the initial step required to pursue enforcement action.
- Fines Enforcement Officers have agreed revised payment terms in 112,547 accounts (over 6,385 of these agreed within the 3 months prior to 11 July 2016), helping individuals maintain payments.
- Over 120,250 benefit deduction orders have been granted, and 25,990 earnings arrestment orders have been issued (including 7,345 granted and 1,690 issued respectively within the 3 months prior to 11 July 2016).
- Where people are unable to pay, courts have imposed supervised attendance orders on 961 people as an alternative punishment (where 5 of these were imposed within the 3 months prior to 11 July 2016).
- 4,677 Community Payback Orders have been issued as an alternative where people are unable to pay. (331 of these were imposed within the 3 months prior to 11 July 2016).

An Enforcement Order is an order made by the court setting out the payment rate of a fine, explaining what will happen if the fine isn't paid, and giving the Fines Enforcement Officer (FEO) the power to take action.

A Deduction from Benefits Order is an order made by the court which allows the Department of Work and Pensions (DWP) to deduct money from an offender's benefits and pay it directly towards their fine.

An Earnings Arrestment Order is an order made by the court instructing an employer to make regular deductions from an employee's wages which are paid directly towards the employee's fine.

Supervised Attendance Orders and Community Payback Orders are orders made by the Court for Sheriff or JP Court Fines as an alternative to imprisonment if the offender defaults in payment of their fine. The offender must attend a place of supervision and carry out instructions given by their Supervising Officer as part of a SAO or carry out other requirements, such as unpaid work, as specified by the Court as part of a CPO.

Notes:

- Figures include fines against both persons and companies. The figures relate to the value of fine accounts. An account may contain more than one fine if an offender receives more than one fine on a single day.
- Includes Sheriff Court Fines, Compensation Orders and Confiscation Orders.
- Includes JP Court Fines and Compensation Orders.
- Includes Fiscal Fines, Fiscal Compensation Offers and the monetary amount of Fiscal Combined Offers.
- The Police Anti-social Behaviour Penalty figures include Police Fines and those that, if unpaid, become Registered Fines. "Total Value to be paid" is consequently the sum of Police Fines paid (£40 each) and Registered Fines (£60 each), minus discharges. The payment percentages relate to proportions of "Total Value to be Paid". "Total Value to be Paid" and "Value Paid To Date" also sum payments received from both Police Fines and Registered Fines.
- This figure is the total fines imposed minus any discharges. Fines may be discharged for a number of reasons. These include a sheriff or JP imposed alternative sentence, imprisonment or death of a defaulter. Discharges include both full discharges and fines which have been discharged following part-payment. The values of unpaid £40 Police Fines are discharged when they become £60 Registered Fines to avoid double counting.
- Percentages are presented as a proportion of "Total Value to be Paid".

Other notes: Values and percentages may not add up to their constituent subtotals and totals due to rounding.

Values of £0.0m in the table denote values of less than £50,000 that have been rounded down.

Fines Collection Process

The Scottish Courts and Tribunals Service (SCTS) is responsible for collecting Sheriff Court Fines, Justice of the Peace Court Fines, Fiscal penalties and Antisocial Behaviour Fixed Penalty Notices.

Court imposed fines are either due for payment immediately or by agreed terms at the point of imposition. The majority of fines imposed include an enforcement order which tells the offender how the fine should be paid and what will happen if it is not paid. The enforcement order allows the Fines Enforcement Officer to implement a range of sanctions including deduction from benefit, arrestment of earnings and bank accounts and seizure of vehicles.

Fiscal direct penalties are issued by the Crown Office and Procurator Fiscal Service (COPFS), in the form of a conditional offer. The alleged offender may refuse the offer within 28 days in recognition that prosecution will be the next likely stage. Alternatively, the alleged offender can accept the offer by making payment. If the conditional offer is ignored and payment not made, the responsibility for enforcement passes to the SCTS Fines Enforcement Officer, who will seek an enforcement order from the court.

Antisocial Behaviour Fixed Penalty Notices are issued by each police force in Scotland and the money is due within 28 days and is collected by the SCTS. If the penalty is not paid within 28 days, the amount due is increased by 50 per cent and the penalty is converted to a registered fine with responsibility for enforcement passing to the SCTS Fines Enforcement Officers, who will seek an enforcement order from the court. Figures for value and number of Police Antisocial Behaviour Fixed Penalty Notices paid therefore include both payments made to original police fines and payments made to registered fines.

Money collected by the SCTS for criminalised parking fines is subject to different procedures and is not covered in this publication.

Shaping Scotland's Court Services

As part of [Shaping Scotland's Court Services](#) work, a number of courts closed with relevant live business transferring to receiving courts.

For fines accounts, this has meant the transfer only of accounts requiring further payments or action, as opposed to transferring all accounts including those fully paid and closed requiring no action or payment. This may have an impact on the reported fine collection rates of the receiving courts but will have no impact on Sheriffdom or National rates.

Footnotes have been added to all background tables to indicate closing and receiving courts.

Guidance on definitions and data

The data source is a management information data extract from COP2 (the SCTS operational system used in all Sheriff and Justice of the Peace Courts).

Data may subsequently change over time due to additions or modifications to cases on COP2.

The 'as at' date used throughout the report is the date the fines data is extracted and used to calculate totals for arrears, payments and discharges made, etc.

Figures on fines and other financial penalties are presented on a three financial-year basis to reflect payment cycles and enforcement action taken. This recognises that penalties are levied throughout each year and that arranged instalment payments or enforcement action can mean some may take two or more financial years to be fully paid.

Payment rates for recent years will therefore initially be lower than those for previous years. Estimates of in-year payment figures indicate a broadly consistent collection pattern over time.

Collection rates for Police Antisocial Behaviour Fixed Penalties cover both payments for the Police Fixed Penalty within the initial 28 day period and payments made once the unpaid Fixed Penalty becomes a registered fine with a value 50% higher than the original fixed penalty. Registered fines are enforced by the SCTs.

Explanation of categories used in this report:

Value of Fines Imposed	The value of fines imposed within the periods specified.
Value Discharged	This is the value of fines which have been discharged (the value which is <u>not</u> now payable). This can arise in a variety of ways for example where a fine is discharged by a subsequent penalty of a Supervised Attendance Order or Imprisonment, or where the accused dies. Also for Fiscal Penalties it covers instances where the Fiscal Penalty is refused, recalled or withdrawn.
Total Value to be Paid	This is the total value of fines imposed minus the value discharged, and so is the total value of fines which are payable.
Value of Fines Paid to Date	This is the total amount which has been paid to date, and will relate to both fully-paid and part-paid fines.
Value with Payments On Track	This is the total amount which has not been paid as yet, but for which future instalments are on track to be paid (the fine is not in arrears).
Value in Arrears	This is the total amount which has not been paid as yet and for which the fine is in arrears. A fine is in arrears if a payment date has been missed.
Number of Fines Imposed	The number of fines imposed within the periods specified after any court discharges have been deducted.
Number Discharged	This is the number of fines which have been discharged (i.e. the fine is <u>not</u> now payable). This can arise in a variety of ways, for example where a fine is discharged by a subsequent penalty of a Supervised Attendance Order or Imprisonment, or where the accused dies. Also, for Fiscal Penalties, it covers instances where the Fiscal Penalty is refused, recalled or withdrawn.
Number to be Paid	This is the total number of fines imposed minus the number discharged, and so is the total number of fines which are payable.
Number Fully Paid	This is the number of fines which have been fully paid.
Number With Payments On Track	This is the number of fines which are being paid in instalments and are not in arrears.
Number With Payments In Arrears	This is the number of fines which are being paid in instalments and are currently in arrears.
Number With No Payments Received	This is the number of fines which have had no payment received and are currently in arrears.

Notes: The 'value' categories do not directly correspond to the 'number' categories. This is because a single fine can have a portion of its value which has been paid and a portion which has not. In this instance, the values would be split between two value categories, however, the fine itself would only be counted once within a number category.

The discharge categories cover situations where there has been no payment prior to discharge, and also instances where there has been a part-payment prior to discharge.
